

The Journey, A Dirk Cobb Thriller (Book Two) (The Dirk Cobb Thrillers 2)

Dirk Cobb embarks on a treacherous journey through the exotic Bolivian highlands in search of the key that will unlock an age old Biblical prophecy. But what he finds instead is a plot that threatens to unravel the worlds fragile nuclear balance. Are the two linked, and can Dirk stop the terrifying conspiracy before it turns into a deadly reality? This second installment of the exciting new series, The Dirk Cobb Thrillers, tracks our quirky hero as he leaps from one bizarre incident to the next in a breathtaking trek that takes him from the dazzling Andean city of La Paz, to the ancient silver mining town of Oruro, to the highest navigable lake in the world. There is plenty of action, loads of fun and a dash of romance as well in this often unpredictable and always suspenseful saga, with the indomitable Snowflake and her offbeat family always just a heartbeat away. Theodora Peters delivers first-rate entertainment. At just 99 cents, a cant miss value. Damsel
