

# Pennsylvania Dutch Cooking: Hilariously Annotated for Your Cooking Enjoyment

This classic joins the pantheon of cookbooks fit for the gods. If only the gods were interested in cooking for themselves but we suspect they outsource it. Much like early Americans did with the Pennsylvania Dutch. They didnt actually outsource the immigrants but kind of outsourced their origins, since they werent Dutch but came from German-speaking regions of Europe and settled in the land of Hersheys chocolate. And boy could they cook! Its real, home-style, filling, wonderful stuff and its all here. Well, ok, some of its here but plenty to keep you cooking for a long time. The recipes are authentic, unaltered from the original printing, and contain German words with which you can delight your friends and family. The NEW introduction and NEW notes that accompany some of the recipes will keep you chuckling while you fire up your Kalamazoo stove and get ready to rock.
