

Lone Wolf (Shifters Unbound)

Ellison Rowe is a wolf Shifter who has embraced all things Texas. He's a cowboy through and through, complete with a Texas drawl, cowboy hat, and well-worn cowboy boots. He's also lonely, though he feels obligated to look after his sister, who is recovering from a hit-and-run accident that has left her striving to control her feral tendencies. Enter Maria, a human woman taking refuge with the Shifters, who volunteers to look after the cubs and help Ellison's sister. Maria too is recovering from a haunted past—she was kidnapped and held hostage by a rogue Shifter and then disowned by her family when she was set free. Now she's on her own but is determined to put her life back together and leave Shiftertown for good. But someone is attempting to abduct Shifter cubs, and Maria and Ellison know they must stop him. As Maria works with Ellison to track down the kidnapper, she finds her heart slowly awakening once more. And Ellison realizes that Maria may be just the one to bring light back into his life . . .
