

Science of Religion

This book discusses the most important relationship in the world- that between the Creator and His creatures. The four methods of approaching God are examined: intellectual, devotional, meditational and scientific (Yoga). The author had the rare qualifications of a Yogi and a true man of God. He was the first Great Master of India to live in the West for a long period (over thirty years). There he devoted his phenomenal energies to fulfilling a divinely inspired mission of spreading the truths of Yoga- the union of the individual soul with the Universal Spirit.
