

Red Thorn #4

Travel to a walled Moroccan city by the sea, where you'll meet Tarek, a boy who's been drawing maps of his whole life of places that don't exist. Get a glimpse of what Thorn was up to in 410AD, and watch as a castle is magicked out of thin air onto a hill in the middle of Glasgow. Witness how Isla discovers how awful Red Cap wine tastes before seeing the most gorgeous double-page spread of the year, as we thunder toward the terrible revelations that will soon bring our first arc, Glasgow Kiss, to a close.
