

Saving Francesca

Before there was Eleanor and Park, there was Francesca and Will. A compelling story of romance, family, and friendship, with humor and heart, perfect for fans of *If I Stay*, *The Spectacular Now*, and *Looking for Alaska*. Francesca is stuck at St. Sebastians, a boys school that pretends its coed by giving the girls their own bathroom. Her only female companions are an ultra-feminist, a rumored slut, and an impossibly dorky accordion player. The boys are no better, from Thomas, who specializes in musical burping, to Will, the perpetually frowning, smug moron that Francesca can't seem to stop thinking about. Then there's Francesca's mother, who always thinks she knows what's best for Francesca until she is suddenly stricken with acute depression, leaving Francesca lost, alone, and without an inkling of who she really is. Simultaneously humorous, poignant, and impossible to put down, this is the story of a girl who must summon the strength to save her family, her social life, and her hardest of all herself. Melina Marchetta is the Printz-winning author of *Jellicoe Road*, as well as *Looking for Alibrandi* and *Finnikin of the Rock*.
