

The Scolds Bridle

I wonder if I should keep these diaries under lock and key. Jenny Spede has disturbed them again...What does she make, I wonder, of an old woman, deformed by arthritis, stripping naked for a young man? The pills worry me more. Ten is such a round number to be missing...Mathilda Gillespies body was found nearly two days after she had taken an overdose and slashed her wrists with a Stanley knife. But what shocked Dr Sarah Blakeney the most was the scolds bridle obscuring the dead womans face, a metal contraption grotesquely adorned with a garland of nettles and Michaelmas daisies.What happened at Cedar House in the tortured hours before Mathildas death? The police assume that the coroner will return a verdict of suicide. Only Dr Blakeney, it seems, doubts the verdict. Until it is discovered that Mathildas diaries have disappeared...An atmosphere of tantalizing, overpowering menace...The tradition of the English whodunnit has passed into the safe hands and dangerous imagination of Minette Walters - The Times.
