

Songstone

...an original fantasy world inhabited by superstitious tribal nations and intriguingly developed characters. -- SERENA CHASE, USA Today HEA
Kita can meld song into stone. In a world with no written word, storytelling--the ability to meld (or magically impress) song into stone--is greatly honored. The village honors her master as their medicine man, but Kita knows hes secretly a sorcerer who practices black magic using drops of her blood. She fears hell use her beautiful gift for a killing spell, so she conceals it from him. Each day, his magic tightens around her neck like a rope. His spells blind the villagers, so they cant see him for what he really is. Not that anyone would want to help her. She was found in the forest as a baby and would have died if a village girl hadnt brought her home. But the villagers saw Kitas unusual coloring and decided she belonged to the mysterious tribe who lives in the forests of the volcano, a people feared for their mystical powers. So they fear her too. Now seventeen, she can barely admit her deepest longing: to know who she really is and where she belongs. Then Pono, a young journeyman, arrives from the other side of the island. Hes come to fulfill a pact between their villages: to escort a storyteller back to his village--a storyteller wholl be chosen at the great assembly. Finally, in Pono, Kita sees her one slim chance at freedom and shell risk her life to take it. The story of a girl who yearns for freedom, a boy determined to be more than whats expected of him, and the desperate journey that will leave them both forever changed. A dark, twisty tale of sorcery, tummy-tingling romance, and adventure, inspired by the folklore of New Zealands Maori people. Suitable for teens 12+ and young adults (YA) who enjoy romantic fantasy books with elements of mystery, escape, and suspense. This historical high fantasy is rich in myths and legends, a coming-of-age story set on a

fictional remote Pacific island, exploring issues of adoption and identity.
