

## The Paper Sword: Spell Crossed

A painted sword is their only protection from evil sorcery, strange creatures, and enemy forces. On the spell-crossed Phaer Isle, teenage Xemion dreams of being a great swordsman. When he finds a blade-shaped stick, he fashions it to look like a real sword. Knowing that the laws of their cruel Pathan conquerors would require a death sentence for possession of such an object, his friend Saheli demands he destroy it. He agrees, but insists on performing just one sword ceremony. When his mastery of the weapon, a skill long forgotten, is witnessed by a mysterious man named Vallaine, the two friends are invited to join a planned rebellion. At first they refuse, but when a sadistic official discovers their transgressions, they are forced to flee their home and embark on a dangerous journey to the ruins of the ancient city of Ulde, where rebel forces are gathering. Armed with only their wits and the painted sword, they face Thralls, Triplicants, dragons, rage-wraiths, and a host of other spell-crossed beings. As they approach the Great Kone, source of all spell-craft, Sahelis fear of magic and Xemions attraction to it bind them in a crossed spell of their own ? one that threatens to separate the two forever.
