Moments by RJ Scott An actor on possession charges, hell bent on destroying his own life meets a man who quietly works to make his world better. Can Jacob Riley be saved? Jacob Riley, star of the time traveling TV series End Game, is a typical Hollywood former child star with issues. He has already had prison time and at the age of 26 has been arrested again. Jacob works his time as a general handyman at an education centre in the run down area of L.A. A part of the city that is in the middle of regeneration. It is a short sharp shock for the boy-man who had an easy life. Ethan Myers is the owner and manager of Macs, providing teaching and learning to local low income families. Jacob hates his jailor Ethan; Ethan loses his cool whenever Jacob aims for an easy ride. He has no respect for the lack of substance in his guest. Sparks fly when attraction becomes something they cant fight and their relationship grows against a background of disenfranchised street gang members, arson, the Oscars, and despite their own prejudices. RJ Scott About the Author: RJ Scott has been writing since age six, when she was made to stay in at lunchtime for an infraction involving cookies. She was told to write a story and two sides of paper about a trapped princess later, a lover of writing was born. She can mostly be found reading anything from thrillers to sci-fi to horror. However, her first real love will always be the world of romance. When writing her goal is to write stories with a heart of romance, a troubled road to reach happiness, and more than a hint of happily ever after.
