

Strategies for Technical Communication Workplace, Books a la Carte Plus MyTechCommLab CourseCompass (2nd Edition)

This medium-length technical communication text contains all of the coverage of full-length texts in a more streamlined, concise, and inexpensive format.

Practical and affordable, Strategies for Technical Communication in the Workplace offers complete coverage of routine workplace documents, complex forms of communication, and the latest technological innovations in a streamlined presentation of 528 pages. Emphasizing immediate and ongoing document creation as well as audience and purpose, Strategies for Technical Communication in the Workplace is appropriate for technical communication students and writers of all levels.

This Books a la Carte Plus Edition is an unbound, three-hole punched version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class all at an affordable price. It comes packaged with an access code to MyTechCommLab, the best multimedia resources for technical communication in one, easy-to-use place. Students will find more than 100 interactive model documents and 48 case studies. There are also extensive guidelines, tutorials, and exercises for Document Design, Writing, and Research, and a large bank of diagnostics and practice for grammar review.
