

Blood Heat: Dangerous Ground

Special Agents for the Department of Diplomatic Security, Taylor MacAllister and Will Brandt have been partners forever and lovers for three months, but their new relationship is threatened when Will is offered a plum two-year assignment in Paris. Will believes the posting only means postponing what they both want. Taylor fears that kind of separation will mean the end of their new and still-fragile relationship. Its a bad time to find themselves in the middle of the New Mexico wilderness responsible for the health and welfare of a suspected terrorist. Especially when everyone else they run into seems determined to see their prisoner - and them - dead.
