

## Alfreds Teach Your Child to Play Guitar, Bk 2: The Easiest Guitar Method Ever!, Book & CD

Alfreds Teach Your Child To Play Guitar, Books 1 and 2, are designed for parents who want to share the gift of music with their children before they begin formal study with a professional teacher. They are based on Alfreds Kids Guitar Course, a fun method that teaches students to play songs on the guitar right away. Families who are part of the homeschool movement especially will find the books useful. Using the same music and fundamentals included in the original editions, an easy and user-friendly Parent Guide precedes each student page to aid with teaching the music to the child. The guide suggests steps for introducing the concept or page to the student, follow-up practice suggestions, and suggestions for reviewing the material in subsequent lessons. The enclosed CD contains a recording of every piece in the book. Listening or playing along with the recording is fun, but more importantly, it reinforces concepts such as rhythm and switching smoothly between notes and chords. Using this book and CD, any parent can teach their child the basics of guitar.
