

The Art of War

Sun Tzus blueprint for battlefield strategy remains the original and greatest military strategy book. The Art of War is as relevant to todays warriors in business, politics, and everyday life as it once was to the warlords of ancient China. It is one of the most useful books ever written on leading with wisdom, an essential tool for modern corporate warriors battling to gain the advantage in the boardroom, and for anyone struggling to gain the upper hand in confrontations and competitions. This highly praised version features annotations by renowned Sun Tzu scholar Lionel Giles.
