

The Awakening and Other Stories: (A Modern Library E-Book)

The Awakening shocked turn-of-the-century readers and reviewers with its treatment of sex and suicide. In a departure from literary convention, Kate Chopin failed to condemn her heroines' desire for an affair with the son of a Louisiana resort owner, whom she meets on vacation. The power of sensuality, the delusion of ecstatic love, and the solitude that accompanies the trappings of middle- and upper-class convention are the themes of this now-classic novel. The book was influenced by French writers ranging from Flaubert to Maupassant, and can be seen as a precursor of the impressionistic, mood-driven novels of Virginia Woolf and Djuna Barnes. Various titles called vulgar, unhealthily introspective, and morbid, the book was neglected for several decades, not least because it was written by a regional woman writer. This edition also includes selected stories from Kate Chopin's Bayou Folk and A Night in Acadie, and an introduction and notes by Nina Baym.
