

The Developing Person Through the Life Span

Edition after edition Kathleen Stassen Bergers perennial bestseller, *The Developing Person Through the Life Span*, re-establishes itself as the most authoritative, engaging, and teachable textbook available for the life span course. The new edition is no exception. As always, Bergers narrative style and emphasis on diversity and universal themes speak directly to students. The books thoroughly updated coverage makes the latest scientific and theoretical developments about the brain, genetics, and cultural diversity accessible and meaningful. And powerful media tools such as DevelopmentPortal, the interactive e-Book, and the Video Tool Kit for Human Development give students realistic observational experience to further enhance their study.
