

The equinox of the Gods: The official organ of the A.A. : the official organ of the O.T.O, vol. III, no. III, September MCMXXXVI E.V

The Equinox of the Gods is a book first published in 1936 detailing the events and circumstances leading up to Aleister Crowley's transcription of The Book of the Law, the central text of Thelema. The Equinox of the Gods has proven itself an elusive and - until now - costly tome for the practitioner or student to acquire. Containing handwritten excerpts from his personal journal, illustrations and The Book of the Law in its entirety. This book will serve as a cornerstone in your library.
