

The Forest Dwellers

The People The New Forest are persecuted, evicted from their homes and forced to live in exile from the lands Saxons have inhabited for generations. Life is hard. The Norman interlopers are hated. Twelve years after the Norman invasion, three soldiers are molesting a forest girl who is fairer than any they have ever seen. Leo stops the attack in the only way he can ...violently. His actions that day trigger a chain of events that will end only with the death of a king. The Forest Dwellers is a tale of oppression, sexual manipulation and vengeance.
