

The Vanished (Blemished #2) (Blemished Series)

You're part of the vanished now. That's what we all are. The people who have been forgotten. Mina Hart fought her way out of Area 14. She made it to The Clans so that she can live a normal life with her friends and her father. But what she finds is no safe haven. As her best friend turns against her and the Compounds treat her with distrust, Mina begins to suspect foul play at the very heart of her new home. Just to make matters worse, the threat of war is coming. The Clans are turning against each other, and Mina is caught in the middle. Join Mina as she is reunited with her father, meets new and surprising friends and tries to figure out her complicated love life. The Vanished promises even more rebellion and romance with betrayal just around the corner
