

The New Revelations: A Conversation with God

The human race has reached a Time of Choosing. Our options are being placed before us by the tide of events, and by those who are creating them. We can either move forward, building together at last a new world of peace and harmony based on new beliefs about God and Life, or move backward, separately and continuously reconstructing the old world of conflict and discord. The New Revelations provides us with the tools to move forward, to pull ourselves out of despair, lifting the whole human race to a new expression of its grandest vision. Neale Donald Walsch urges us to open our hearts and our minds to what may be one of the most important spiritual statements of our time. A conversation with God that began as a simple plea from one human being to the God of his understanding, The New Revelations is a life-altering audiobook, given to us when we need it most.
