

## The quest for Arthurs Britain

The legend of Arthur and the Knights of the Round Table dominates the mythology of Britain, but could this story prove more fact than fiction? Recent archaeological findings have lead Geoffrey Ashe to believe there is more truth to Arthurian legend than previously accepted. The Quest for Arthurs Britain examines the historical foundation of the Arthurian tradition, and presents the remarkable results of excavations to date at Cadbury (reputed site of Camelot), Tintagel, Glastonbury and many places known almost exclusively to Arthurian scholars.
