

The Tunguska Crystal: Alinas Dream Part I of The Tunguska Crystal Trilogy

The unanswered questions stirred up by the catastrophic Tunguska Event of 1908 still echo today. Was it an alien encounter? A weather anomaly? Some kind of cosmic event? Clues to this century-old riddle may lie in the mysterious crystal set in the ring of its unsuspecting owner. Miraculously cured from leukemia by her grandfather, Alina Alverin is fascinated by the luminous crystal he possessed. Her fascination only grows when she learns of the crystals origin and the mystical powers it begins to manifest. Alinas troubles deepen when her twin sister is threatened by the emergence of an enigmatic secret society. Alina sets off with a group of trusted companions - including the charming fighter pilot, Vander Roberts - to get her sister back! She must find a way to get her new-found abilities under control as she navigates the treacherous inner workings of this sinister group and travels internationally. Michael Borsos The Tunguska Crystal leads Alina and Vander through a fast-paced whirlwind of magic, intrigue, and time travel all leading up to a heart-pounding conclusion.
