

The Unknown Henry Miller: A Seeker in Big Sur

Henry Miller was one of the most distinctive voices in twentieth-century literature. Better known in Europe than in his native America for most of this career, he achieved international success and celebrity during the 1960s when his banned Paris books beginning with *Tropic of Cancer* were published here and judged by the Supreme Court not to be obscene. Until then he had toiled in relative obscurity and poverty. *The Unknown Henry Miller* recounts Miller's career from its beginnings in Paris in the 1930s but focuses on his years living in Big Sur, California, from 1944 to 1961, during which he wrote many of his most important books, including *The Rosy Crucifixion* trilogy, married and divorced twice, raised two children, painted watercolors, and tried to live out an aesthetic and personal credo of self-realization. Written with the cooperation of the Henry Miller, Anais Nin, and other estates, *The Unknown Henry Miller* quotes extensively from Miller's correspondence in order to offer the reader direct experience of the author and man. It also draws on material not available to previous biographers, including interviews with Lepaska Warren, Miller's third wife, and revelations from unpublished portions of Anais Nin's diaries. Behind the bad boy image, the author finds a man with devoted friendships, whose challenge of literary sexual taboos was part of a broader assault on the dehumanization of man and commercialization during the postwar years. He puts Miller's alleged misogyny in the context of his satire of sexual mores in general, and makes the case for restoring this groundbreaking writer to his rightful place in the American literary canon. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known

historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
