

The Vision of Dante Alighieri (Classic Reprint)

Gary's Paradise (as in the case of the Hell and of the Purgatoij) the notes have been subjected to revision. A paragraph here and there has been omitted, as being no longer strictly relevant, sundry errors have been corrected, and an occasional note has been added in square brackets. Also, the index has been recast. In the Introduction is included an account of the attempts at translating Dante into English made by some of Gary's predecessors. Only by comparing his version with these is it possible to appreciate fully the very great merit of Gary's performance. It is no small proof of Gary's sound scholarly instinct that he was able to shake himself free from the tradition of loose paraphrase which had hitherto prevailed among translators of Dante a failing from which even Gray (from whom, as I believe, Gary first learned to love Dante) was not altogether free, in Gray died (in 1771) the year before Gary was born. Gary's notes contain numerous references to Gray's knowledge of Dante. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
