

The Willful: Novella (The Woodlands Series)

When a heart is in pieces, can it still be broken? Quiet, contemplative Esther is in love. Its an all-encompassing love that sweeps her off her feet but also leaves her dangling with nothing to hold onto. Its thrilling, unlike anything shes ever felt before, and she gives her whole heart to this marriage, to this willful, passionate man. Things change when she becomes a mother. Its not just the two of them anymore, and as Esther gives a large piece of her heart to her daughter, Rosa, she starts to realize that maybe love shouldnt be this hard. That she shouldnt have to give up her whole self to be with him. That now that shes a mother, she cant. Set in the years leading up to The Woodlands, The Willful follows Esther, Rosas mother, as she navigates young motherhood, a marriage on the brink, and the hard decisions that come with living in a controlled world with an uncontrollable man.
