

The Wire in the Blood (Tony Hill and Carol Jordan, Book 2)

Val McDermid's Number One bestselling crime series, featuring psychological profiler Dr Tony Hill and Jacko Vance protagonist of new novel THE RETRIBUTION in the suspenseful and ferociously readable thriller that led to the much-loved TV show. Young girls are disappearing around the country, and there is nothing to connect them to one another, let alone the killer whose charming manner hides a warped and sick mind. Dr Tony Hill, head of the new National Profiling Task Force, sets his team an exercise: they are given the details of missing teenagers and asked to discover any possible links between the cases. Only one officer comes up with a theory a theory that is ridiculed by the group until one of their number is murdered and mutilated. For Tony Hill, the murder becomes a matter for personal revenge and, joined by colleague Carol Jordan, he embarks on a campaign of psychological terrorism a game where hunter and hunted can all too easily be reversed.
