

# The World According To Noddy: Life Lessons Learned In and Out of Rock & Roll

What makes Noddy Holder tick? Godfather of glam, national treasure and thinking grandmothers crumpet, Noddy has been at the epicentre of British pop culture since he stormed on to the music scene in the 1960s, and in *The World According to Noddy* he gives us a hilarious window on to his extraordinary life. Told in his own inimitable style, Noddy shares insider accounts of his days on the road, along with a healthy dose of celebrity gossip, and leaves no stone unturned as he expounds on some of his favourite subjects fame, friendship and fatherhood, the perils of social media and the modern age, not to mention what it would be like if he ruled the world . . . From his early days on the West Midlands beat scene, including a stint as a roadie for Robert Plant, Noddy charts his rise from skinhead stomper to international pop-star, statesman, playboy, male model and philosopher, and of course one of the most integral parts of a Great British Christmas. Witty, wise and tremendously funny, this is Noddy Holder at his glittering best.
