

The Palace of Illusions: Stories

In her new collection, gifted poet and novelist Kim Addonizio uses her literary powers to bring to life a variety of settings, all connected through the suggestion that things in the known world are not what they seem. In *Beautiful Lady of the Snow*, young Annabelle turns to a host of family pets to combat the alienation she feels caught between her distracted mother and ailing grandfather; in *Night Owls*, a young college student crushes on her acting partner, a complication complicated by the bloodlust of being half-vampire; in *Cancer Poems*, a dying woman turns to a poetry workshop to make sense of her terminal diagnosis and final days; in *Intuition*, a young girl's sexual forays bring her closer to her best friend's father; and in the collection's title story, a photographer looks back to his youth spent as a young illusionist under the big tent and his obsessive affair with the carnival owner's wife. The stories in this collection have appeared in journals ranging from *Narrative Magazine* to *The Fairy Tale Review*, and include the much-loved *Ever After*, which was featured on NPR's *Selected Shorts*. Distracted parents, first love, the twin forces of alienation and isolation: the characters in *The Palace of Illusions* all must contend with these challenges, trafficking in the fault lines between the real and the imaginary, often in a world not of their making.
