

## Through the Opera Glass

Author Sharon E. Cathcart took up a challenge in 2012: to write flash fiction and full length short stories based on various prompts. Each story features one or more characters from *In The Eye of The Beholder: A Novel of the Phantom of the Opera* or its sequel, *In The Eye of The Storm*. Brimming with historical detail, the stories in this collection range in place and time from 19th Century Persia to post-World War II San Francisco. *Through the Opera Glass* is the 2014 runner-up for Best Short Story Collection in the eFestival of Words Independent Book Awards.
