

To Tempt A Werewolf (Otherworldly Book 2)

Dominic Richards, the new Earl of Leamont, finds himself in Atlanta searching for a bride. Attending every society event hes invited to, he cant understand how his brother ever managed to find a treasure like Lucinda. The young women are horrid, grasping creatures who only see his title. And whats worse, they dont seem to like his sister-in-law and pity his brother. Lila Andrews hasnt had an easy life. Her parents have disowned her after finding her in a mans arms. Never mind that nothing happened. Forced to find a protector, she must throw herself on the pity of Ms. Dalyrum, the local madam. But before she can get to Ms. Dalyrums home shes accosted and left for dead. While normal circumstances would have never brought the two together, Fate has other ideas.
