

Tom Jones: From The Valleys to Vegas

Celebrity biographer Gwen Russell traces Tom's phenomenal journey from his first South Wales gigs as an unsigned frontman, to his breakthrough hit *It's Not Unusual* and beyond to his superstardom as the voice behind *What's Up Pussycat*, *Delilah* and *She's a Lady*. But it has not all been plain sailing for the legendary Grammy- and Brit Award-winning entertainer whose shows are renowned for knicker-hurling frenzies. Tom was struck down by tuberculosis and bed-ridden for almost a year; he has had affairs; lost his long-time manager to cancer; and ridden the quiet times in his career to come out on top. His collaborations reads like a who's who of pop and rock history and includes Johnny Cash, The Bee Gees, Robbie Williams, Pavarotti, Jools Holland and The Cardigans - not forgetting, of course, his recent Comic Relief rendition of *Islands in the Stream*, with Gavin and Stacey characters Bryn and Nessa. This informative and affectionate account includes recollections from famous friends, relatives and contemporaries. It paints a complete portrait of one of Britain's most talented men; a true national treasure. From the sleepy Welsh town of Pontypridd to the Hollywood Walk of Fame, from selling vacuum cleaners door-to-door to sell-out Las Vegas shows, Tom Jones is Britain's best-loved singer-songwriter. This comprehensive biography celebrates Tom's remarkable career and reveals the man behind the icon.
