

## Transatlantic Sketches

This early work by Henry James was originally published in 1875 and we are now republishing it for the modern reader. *Transatlantic Sketches* is a travelogue of the author's journey through Europe. James published his first story, *A Tragedy of Error*, in the *Continental Monthly* in 1864, when he was twenty years old. In 1876, he emigrated to London, where he remained for the vast majority of the rest of his life, becoming a British citizen in 1915. From this point on, he was a hugely prolific author, eventually producing twenty novels and more than a hundred short stories and novellas, as well as literary criticism, plays and travelogues.
