

Unknown (The Elements Trilogy Book 1)

A young adult epic fantasy set in a colourful medieval world. Embark on a treacherous journey into the unknown. Unseen (Book 2) and Unleashed (Book 3) also available. ***** One prophecy...Two seekers...A journey into the UNKNOWN. ***** Darkness is covering the land. As the city of Mezrah grows with power and greed, the rest of the world can only stand by and wait for their inevitable destruction. The only hope against this growing power is an ancient prophecy that people have stopped believing in. Then a star begins to fall. Princess Kyla of Taramon stopped trusting in the power of light the day her father died. Trapped in a city she does not care for, under the watchful glare of her mother, the queen, she struggles to accept her fate. Then a star begins to fall. Jethro has loved Kyla for as long as he can remember. Learning that she was to marry his cousin drove a wedge between him and the feisty princess. Watching her from a distance is a torture he is unable to free himself from. Then a star begins to fall, sparking an ember of hope and sending these two seekers on a treacherous journey into the unknown.
