

## Detour Ahead

Drive me to distraction! Okay, so there are some cliches that are truerolling stones gathering no moss and the grass is greener are two that come to mindmainly because Im stuck in a ditch next to a sinfully gorgeous and far too stubborn man who wont allow himself to smell the roses. (Yes, I know. Its another true one.) But Ive learned that the kindness of strangers can lead to some pleasant surprises, if not actual happiness. So that (along with a fear of flying and a pesky judge who took away my license) is how I found myself driving cross-country to a friends wedding with the grooms best friend. Hmm. Best friend? Isnt there something about that I should remember?
