

## The Birds of America, from drawings made in the United States and their territories (text-only), 8 volumes in 4 thick volumes, complete

Pp. viii, xv, 11-246; vii, 11-199; viii, 233; viii, 9-321; viii, 9-346; vii, 9-2 98; vii, 9-285; viii, 9-256; viii, 9-346; vii, 9-298, some text-figures. Early full brown cloth, lettered in gilt on the spine, decorated page edges, 1g 8vo. This is the last printing of the complete text of Audubons Birds of America. This is likely revised from the 1861 octavo edition that accompanied the double-elephant folio Bien edition issued in 1858-1860 in New York by Roe Lockwood publishers. Zimmer (p. 25) discusses an 1871 Lockwood edition in 8 volumes that was issued with color plates. Though there is an index to the folio volume of plates, this is the text only with no color plates.
