

Video Organizer for Beginning & Intermediate Algebra

Normal 0 false false false
MicrosoftInternetExplorer4 The Video Organizer encourages students to take notes and work practice exercises while watching Elayn Martin-Gays lecture series (available in MyMathLab and on DVD). All content in the Video Organizer is presented in the same order as it is presented in the videos, making it easy for students to create a course notebook and build good study habits! The Video Organizer provides ample space for students to write down key definitions and rules throughout the lectures, and Play and Pause button icons prompt students to follow along with Elayn for some exercises while they try others on their own.
