

Vinland Ragnarok: Twilight of the Gods

Midgar? is ravaged, by treachery. The final war, Ragnarok, has begun. The Gods, and the jotunn (the giants), saw their destruction at the moment of their creation; neither can stop it. With Lokis betrayal, the jotunn overthrow Valhallahall of the slainand home to the ?sir, forcing the exodus of the gods, and snaring O?inns chosen, warriors. O?inn follows his trickster son to Vinland, to warn them of Lokis plan to alter human destiny, and pave the way for the jotunn to survive their destruction, by creating, jotunn and human, hybrids. Meanwhile, Thorfinn is working to honour his agreement with the First Nations people and leave Vinland, but an assassins attack sends Gudrid into premature labour, and when she regains consciousness, shes horror-stricken to find baby Snorri missing. A visitor urges them to journey to Leifs southern settlement and into the caves, to seek Snorriand to stop Loki from his final task; keep the Gramthe sword of powerhidden away from human hands. On the shores of an inland lake, Freydis betrays her kin. Tostig escapes from her slaughter. The path to the end is unchanging; the spilt blood of kin conceals its outcome.
