

What Webs We Weave (Volume 1)

Secrets destroy lives. Dishonesty ruins relationships. Keston, Qier, Raheim and Izzy are four gay best friends who grew up together in Miami, Florida. Even though the four friends are away at college in two Florida cities, they remain as tight as ever, or so they pretend. While they claim they keep nothing from each other, each friend has a dark secret that threatens the relationships they cherish the most. Qier, a college football star who's destined for the NFL, has one of the most damaging secrets of them all. He's afraid if his secret is exposed, he might have to leave the country. He's determined to do everything in his power to keep his secret, a secret.

The game changes when Qier's most hated enemy, college basketball star Phoenix Cummings, resurfaces. Phoenix poses a direct threat to Qier's livelihood in more ways than one. This relationship is a ticking time bomb, waiting to explode.

In the opening entry of a nine-book short story series, the ground work for an intricate web full of secrets, lies, jealousy and crime will begin to tangle right before your eyes. Don't be fooled everything isn't always as it seems.
