

Where Was I?!

Eight million people improved their mornings by tuning into Wake up to Wogan. But was their appetite sated by this daily exposure? Not in the slightest. So its lucky that Terry has been known to turn his hand to the odd bit of writing. This has allowed him to shed light on such weighty matters as what Bank Holidays are for and why Eurovision could be responsible for the Celtic Tiger. Where Was I?! gives his devoted followers exactly what they want the inimitable Wogan viewpoint; a droll, forthright voice of sanity in a world gone gently mad. Like his broadcasting, his writing is an effortless flow of easy wit and sage opinion, and demonstrates exactly how he has come to be a national treasure.
