

## Whisper (The Whisper Trilogy, Book One)

People think Im crazy. Maybe I am, since Ive been able to talk to spirits for as long as I can remember. They are the forgotten, the souls who have unfinished business and cant cross over. I help them, or at least I try to. Theres this one in particular, Jack, I call him, whos been following me around a lot. Usually they tell me what they need to do and move on. Not him. It isnt until he brings another spirit, Tracy, the victim of an unsolved hit-and-run accident, that I know for sure hes something more than just your average spirit. Then I start seeing him. And feeling his touch. And falling for him. In our quest to get justice for Tracy and help her move on, Jack and I become something more than just a dead boy and a living girl. Im just waiting to see what happens next...
