

The Power of Powers (The Huaxia Journals Book 1)

The fabled Silk Route reveals many stories as it winds through Central Asia, conquests, dreams, riches, and mysteries. One of those mysteries is an ancient secret thousands of years old, hidden deep within the Mogao Caves. Young siblings Orchid and Monkey Huang are about to discover how powerful and dangerous that secret is. A mystical force pulls them to a land facing a deadly war between two rival dynasties. As they are drawn into a conflict with mythical gods, a vengeful sorcerer, the pernicious Great Powers, battle-hardened soldiers, and ferocious beasts, Orchid and Monkey must uncover their own great powers and talents.
