

Circle of Enlightenment

Circle of Enlightenment An ancient culture of enlightenment, Existing before all nations, kingdoms, empires, religions, and divisions The common heritage of the entire Human Family. Devastated and suppressed in the modern age. Yet distinguished by great kindness toward all forms of life. The knowledge and practices commonly associated with the Buddhist and Jain spiritual traditions of the East are rooted in a much older Dharma Culture, which once flourished in humanity's earliest known civilizations. This ancient heritage precedes all nations, kingdoms, empires, religions, and other man-made divisions later placed upon humanity. All people of the world are heir to this ancient culture of enlightenment. But the old civilizations have been decimated, and the culture systematically suppressed by an errant branch of humanity, which abandoned the ancient traditions, and became conquest-oriented predatory toward their fellow human beings. The teachings and customs of humanity's parent culture are distinguished by the subtle wisdom borne of countless centuries of evolution: great sensitivity and kindness toward all life forms, a naturalistic lifestyle in harmony with the Earth's environment, and a deep understanding of the concept of oneness. Amid the surviving remnants, we find the original knowledge on: meditation, oneness, karma, and conduct all in their natural, pre-religious, fully-explained forms. Fortunately, much of this fascinating knowledge has been preserved and cataloged for Humanity. Infinitely informative and enriching, this collection presents a careful interpretation of the ancient culture that unites all humanity as One Family. Consisting of two books in one, this artistic volume features plentiful poetry and art, helping to further convey the subtle, harmonious spirit of this recovered culture of enlightenment.
